Sharon Memorial Park and Mausoleum

DELIGHTFULLY DIFFERENT

The Park or Garden Plan of cemetery design, which has become nationally popular in recent years, is based on the sentiment that the final resting place of our sainted loved ones should be one of quiet beauty—an inviting garden spot that breathes happy memories and tells a story of Life, not Death.

NO MONUMENTS

The marking of graves in Sharon Memorial Park is restricted to the use of flat Bronze Tablets uniform in size and design, set flush with the turf. This "metal of time and tradition" blends beautifully with the velvet green of perfectly-kept lawns.

INEXPENSIVE—

DEMOCRATIC—

PERMANENT—

Lowest Prices . . . .

. . . . Easy Terms

No Interest — No Taxes

UNDER PERPETUAL CARE

Every lot and mausoleum space in Sharon is protected against neglect by funds held in trust by a great bank.

Enshrined in Honor
Preserved Forever

Sharon Memorial Mausoleum

On a commanding eminence overlooking the lake in Sharon Memorial Park this magnificent mausoleum is rapidly taking form. NEARLY 600 CRYPTS now ready for use. Entombment in this beautiful temple of memories costs no more than first class earth burial. Full information on request.

SHARON MEMORIAL PARK

And Mausoleum represent the utmost refinement of man's natural desire to beautifully and permanently enshrine loving memories. Here the builders' skill, the art of master gardeners and long and successful experience of the owners combine to create a scene that once visited can never be forgotten. Sharon is widely known as one of America's finest burial estates "a living shrine of perpetual beauty dedicated to sacred memories."

In Sharon Memorial Park and Mausoleum life's darker hours are forgotten, life's happy memories enshrined forever.

HOW TO GET A GUARANTEED INCOME FOR LIFE

IT DOESN'T MATTER what your pay check is today. There's a Phoenix Mutual Retirement Income Plan to fit your needs . . . . and your pocketbook.

Assuming you start early enough, you can arrange to get a check every month of $10 to $200 or more . . . . and you can have this income start at 55, 60, 65, or 70.

Send for the interesting, illustrated booklet which describes the popular Phoenix Mutual plan and tells how to qualify for it. We'll be glad to mail you a copy —without cost or obligation. Just write or phone—

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

U. S. POSTAL UNIT GUIDE OF CHARLOTTE, N. C.

Reproduced from Post Office Copy

1950

T speed up the distribution and delivery of the mails, Charlotte has adopted the N MERICAL ZONING SYSTEM.

T e streets listed alphabetically with the unit number for each street (or portion o it) are shown on the following pages. Unit numbers for box service are listed s arately. Unit numbers should be included as a part of the complete address of a mail and the number should appear after the name of the city and before the n ne of the state.

A users of the mails are urged by the Post Office Department to cooperate in this e ort by including the unit number in all local addresses as well as inform corres ndents of this addition to their own official address, and to have their postal u t number on their letterheads, envelopes, statements, and all advertising matter.

T e Post Office on request, will be glad to cooperate with you in assigning proper u t numbers to your mailing lists.

Directory of Householders, Occupants of Office Buildings and Other Business Places,

INCLUDING

A Complete Street and Avenue Guide

1950

Copyright, 1950, by Hill Directory Co., Inc.

In the following list the streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish urther information than that shown.

The Δ preceding names denotes houses and places of business having elephones.

Figures in paranthesis denote old numbers.

(c) denotes colored.

(The numerals that appear at right edge of columns, ahead of street description and ome street intersections, are merely for the guidance of the publishers, and have no ther significance.)

(This section includes some listings reading "No Return." In each case the Publishers ied diligently, by various means, to obtain the information for the occupants but were nsuccessful. First, two personal calls were made by an enumerator; next, a double postal ard was mailed and the telephone used when possible.)
